The One Card Program is making its way to Lawrence County Schools! If your child attends a participating school they can use their student ID number to access library materials both in the library and at home. We encourage every school in the county to participate and are onboarding new schools as quickly as we can.

## Development

## Adult Services

Our Young Adult Division provides services to our in-betweeners and teenagers. We are putting together a Library Ambassador Board to give students a say in what happens in the library. We will have two students from each school in Lawrence County as Ambassadors and they will work together to help the library grow. The topic will change each month.

## Young Adult

Our next Family Place Series takes place each Thursday, March 7th through April 4th at 10:00 a.m. We hope you will join us!

Family Place Libraries build on the knowledge that good health, early learning, parental involvement and supportive communities play a critical role in a young child's growth and development. New Castle Public Library has designed programs for parents of young children (birth to 3 years of age). Programs emphasize play, creative activity, and development of skills that will help children as they reach school age. The assistance of community professionals experienced in the fields of child development is a major component of the programming offered. Components of a Family Place Library: A five-week series of programs for children and parents from birth to 3 years of age An area where parents can relax with children and explore activities to engage & stimulate children

A collection of books, periodicals and videos located in the Youth Services Department to assist in parenting. A collaboration with outside agencies to provide assistance to children and families.

## Youth Services

The Lawrence County Federated System Outreach Services Bookmobile is working hard to deliver books to those who cannot make it into the library. We deliver books to nursing homes, daycares, and more! If you would like to request a new stop give us a call!

## Outreach

The State of Pennsylvania is divided by Commonwealth Libraries into 29 geographic regions called districts. Within each district, the State Librarian designates one library as the District Library Center. That library is then expected to provide supplementary library services to all local libraries within the district, make its resources available without charge to all residents of the district, coordinate those services for all local libraries, and exchange, provide, and contract for library services with other district library centers. All public libraries in the state are served by one of the 29 District Library Centers. Our district is named New Castle Library District and serves the libraries in Armstrong, Butler, Lawrence, and Mercer counties.
